## HALL PROBERS ON WRONG TRACK. SAYS FAMOUS QUAKER SLEUTH

By BOB DORMAN NEA Service Staff Writer, TOMS RIVER, N. J., Oct. 21.— They're wrong-all wrong! "They're following blind trails in the Hall-Mills murder mystery.
"When this church crime is solved.

I believe there will be a solution up-setting every theory so far advanced." Detective Ellis Parker is speaking. The famous Quaker detective, who has solved and secured convictions in 0 out of 99 murder cases—with three cases still untried-gave NEA Service his views on the New Brunswick mystery in which a church rector and choir singer were slain more than five weeks a**go**.

Parker, 51 years old and 28 years a detective, has had many appeals to enter the Hall-Mills case. Even though the end has come to his latest successful case, in which Mrs. Ivy der of her husband. Parker has been oathe to discuss the famous church

"I don't like to talk about a case on which others are working," he said. "And I want it understood that I will only go to work on it by order of my superior officers-and with the gull consent of all those now

engaged on the case. "Should I be assigned to the case, would follow my usual procedure. "I would want all the facts and theories thus far obtained by the

authorities now working on the case.

Getting a Lead "I would want every newspaper-man to give me all his data and theories.

"I would question each person even remotely connected with the case, including the church members. "All statements would be made a matter of stenographic record.

No man can fully carry in his mind the exact statements made to A careful comparison of all statements would probably show discrepancies. They always do. froning out these discrepancies would probably furnish a lead. Motives are no safe guide in a

"It is only by reasoning examina-tion and co-ordination of all the facts in the case, with plenty of hard work hrown in, that we can arrive at the truth. Story book detectives are good,

but they start with a theory and then make the facts prove the theory. The detective in real life must take his facts as he finds them, and built them into a theory that will stand the test of court." Parker is short and bulky, with

faded blue eyes, bald head and a veterate pipe smoker. As a Quaker he testifies on the witness stan1 by affirming instead of by oath.

Probably the most difficult ase he has solved was the murder of Sergeant Michael Gregor at Camp Dix. When the skeleton, identified by keys lying nearby, was found Dec. 3, 1921 Parker was called in-and he picked the murderer out of 175 men at Camp Dix on the slender fact that only this man could clearly recall the events of Sept. 9, the day Gregor disappeared. ### WILHELM'S BRIDE **ELECT COMES OF OLD FAMILY**

BERLIN, Oct. 20 .- Since the announcement of the engagement of former Emperor William to Princess Hermine of Russe, there are many stories being told of the early life of the Princess and members of her fam-

The family of Ruess carries its history back to a period several centur-ies before that of the Hohenzollerna. Her father, the twenty-second reigning prince of his line, always held the reputation of hating the house of Hohenoliern and all its works. When Princess Hermine was four

years old her mother died, and the child with her three sisters and a brother were brought up in medieval surroundings by their father. The sisters are said to have been dressed in little better than rags, and to nave lived in the almost bare rooms of a castle which their father refused to heat during the winter months.

The sisters, on growing up, rebelled against the tyranny of their parent and all married against his wishes. Marie married an Austrian cavalry officer, Baron Guagnoni; Emma married Count Kuenigle and now lives in Hungary, and Ida married Prince Zu Stolberg Rsia. Princes Hermino's husband, Prince Von Schoalch-Carolath, came from a family whose history can be traced back to the 12th

The male members of the Reuss family all bear the name of Henry. each one being numbered. By an arrangement made in 1701 the senior line, to which the Princess Hermine belongs, continues this enumeration up to a hundred and then begins with the next born as Henry 1. The junior branch, however, counts from the beginning of each century, when the first born is named Henry 1. December 31 closes the century's list, no matter how far short of the hundred mark the names may be. The brother of Princess Hermine is Henry XXIV.

## **MEXICAN TROOPS** NO LONGER LOOK LIKE COMEDIANS | defect him.

MEXICO CITY, Oct. 20 .- Even the critics of President Obregon are admitting today that he has accomplished real results in the matter of army reconstruction, and that a parade of federal soldiers now is no longer a comic opera display, but a showing of genuine fighting men, at least in appearance. The soldiers of the Obregon regime are well equipped and there is discipline in the marching ranks-things that have not been observed in Mexican soldiery for many years. On a recent national holiday the war department held some public maneuvers for its troops, and several newspapers commented editorially on the face that "at last Mexico has an army.

It is the ambition of Secretary of War Serrano to reduce the federal fighting forces to 50,000 men, and in recent statements he has said that "Concentration." shooting powers, and when on parade Rabbe Abraham I. #### WILSON MAKES A GOOD AVERAGE FOR THE PAST WEEK

WILSON, N. C., Oct. 20—Wilson's official average for auction sales of tobacco for the week ending Thursday was \$35.32. The pounds sold during the season total 25,845,582. The season's overage is \$28.95. Today's sales were over 800,000, with 1,537 baskets of tobacco remaining on the warehouse floors for tomorrow's sale. It is the first time in years sales had to run on Saturday to clean up for the week.

## IRISH TAKE BUT LITTLE INTEREST IN LLOYD GEORGE

DUBLIN, Oct. 20—(By The Associat ed Press)—The Irish seem to take only an academic interest in the passing of Lloyd George. In general the feeling in Ireland is that England's cabinet change will have no palpable effect on Irish relations.

What Ireland is more interested in is the personality of the men who succeed Winston Spencer Churchill as secretary for the colonies. Since the Anglo-Irish peace treaty was signed. Churchill has been the connecting link petween Britain and Bireann and all defects that arose were discussed with

## PIMPLY?WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets A pimply face will not embarrass you

much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver

with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and

safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

## DODGE BROTHERS BUSINESS SEDAN

Exceptional interest has been aroused by the practical arrangement of the interior.

The entire rear compartment furnishingsseat, seat cushions, back cushions, seat frame, foot rest, carpet and all-can be removed from the car in a few moments.

The front seat is then tilted forward, giving a gross clearance of twenty-two inches through the rear doors. In this way, a space of sixty-four cubic feet

in the rear compartment is made available for loading. When the rear seat fixtures are back in place, the interior is complete and attractive in appearance. Its convertibility is not

apparent to the eye. Business men, farmers, salesmen, campers, tourists and everyone who has occasion, at times, to carry bulky articles or luggage, will readily appreciate the great utility of this construction.

SATURDAY, OCTOBER 21, 1922. DANVILLE'S LOSS IS RICHMOND'S GAIN.

The approaching retirement of Rev. J. N. Latham after seven years of noteable service at Main Street Methodist Church, rather emphasizes the sincere affection which he and Mrs. she sure balled the jack! Latham have wen not alone from his own congregation but from the community at large. Few men in the ministry have endeared themselves as Dr. Latham has in the field in which he has labored quictly and unassumingly. His presence has been a benediction to those who came in contact with him and his gospel sermons, products of a studious mind have gone far in promoting a better understanding of Bible truths. Dr. Latham, to our mind, is a refreshing example of that type of minister who is really true to his calling and who symbolizes the church and the church's work. While here he has lived close to the Book and has sought to interpret it in his messages. He has clung to the true mission as an apostle and has refused to launch forth into aggressive evangelism or that high-flown sensationalism, a wave of which is sweeping the ranks of exponents of

## Football Honors Of South Are At Stake Today

ATLANTA, Oct. 20—(By The Associated Press)—The honor of Southern football is at stake tomorrow in the greatest inter-sectional program that Dixle teams have ever staged in one day. Six of her major football teams will meet powerful elevens from other

parts of the country.

The invasion of foreign fields will be led by the stalwart Centre Colonels playing Harvard at Cambridge and the

Georgia Tech vs Navy at Annapolis. Vanderbilt vs Texas University at Washington and Lee vs West Vir-

ginia at Charleston Maryland vs Princeton at Princeton Georgetown University vs Fordham

Popular fans turn to these contests but there is at least a quartet of other matches that promise as brilliant a game in which the veteran North Carolina University fought its way yester-day to a 14 to 9 victory in the last period over North Carolina State in the annual Tar Heel classic Alabama will be in Birmingham to take revenge from Sewanee for the Tigers 17 to 0 victory of last year; Virginia and Virginia Military Institute meet at Charlottesville in their annual match, which went to the University 7 to 9 last year Georgia's powerful eleven will play Tennessee University at Athens, Ga and Virginia Polytechnic Institute journers to Davidson, to meet the Wild Cats who have never lost a football game on their home field and whose goals have not been freed and whose goals have not been crossed in five years. The Georgia-Tennessee and the V.rginia V M I will be marked by the meeting of teams which have not yet lost to a southern opponent and Sewanee will go into its game with a similar record All five of the southern teams invading foreign fields have gone unbeaten in all of their home games this season

and Maryland is the only one that has been defeated at all this year. It will be the "rubber" game in the Centre-Harvard contest for the Kentucky Colonels were swept under 31 to 14 by the superior Crimson reserves two years ago, but won six to nothing

The Annapolis game will be Georgia
Tech's debut against the hard hitting
navy eleven but supporters of the Yellow Jackets say the team, whose early season scores have been low, has been "pointing" for the middles. The contest, too, should give an indication of whether Coach W. A. Alexander can keep up the great machine that John W. Heisman put together, for a few of the stars of Heisman's day now surive. Alexander, an alumnus of Tech, learned the game from Heisman and later was an assistant coach under him at Tech.

Washington and Lee lost 28 to 7 last season to West Virginia and this year faces a West Virginia team that on last Saturday defeated the pow-erful Pittsburgh University for the

first time in twenty years.

Vanderbilt stock, which took a decided rise last year went above par last Saturday in the nothing to noth-ing contest with Michigan and the Commodores followers are confident of another triumph over the Texas Long Horns, despite the crippled condition of the team

# HUDSON COACH \$1625

## Which—The Real or Showy— Know the Facts. It Will Save You Much

You have the choice of two types of closed cars under \$2000. One features body fittings - dome light, vanity cases, silk curtains, etc. Special attention is given to that. Such cars are mounted on chasses that in open models sell in the neighborhood of \$1000.

The other type is the Hudson Super-Six Coach at \$1625.

You will like the rugged simplicity of its body and the utility and comforts it provides. It is mounted on the famous Super-Six chassis of which 120,000 are

in service and which has proved itself by official tests to be one of the world's great cars.

In the Coach you get all the closed car advantages. Its appeal increases because of performance and reliability and economy. Its greatest impression is made in actual service and in the comfort it will give you.

You must decide which quality you want at a moderate price—whether vanity cases and dome lights, trunk and guard rails, or genuine motoring satisfaction.
